

THE ELEMENTS OF LANGUAGE

Q. What piece of cutlery can you make out of potassium, nickel and iron?

A. A KNiFe!

Use the symbols for the elements listed below to make as many words as you can (you may only use each symbol once per word).

For example, the symbols for potassium (K), nickel (Ni) and iron (Fe) can be used to spell KNiFe.

When you have finished, take your list to one of the MIC staff to collect your prize stamp!

Au GOLD	Cu COPPER	Al ALUMINIUM	Fe IRON	Ni NICKEL	Ag SILVER
Ta TANTALUM	Sn TIN	Pb LEAD	Zn ZINC	O OXYGEN	Si SILICON
Ti TITANIUM	C CARBON	K POTASSIUM	P PHOSPHORUS	Na SODIUM	Cl CHLORINE
H HYDROGEN	S SULPHUR	N NITROGEN	F FLUORINE	He HELIUM	W TUNGSTEN
B BORON	I IODINE	Ca CALCIUM	Li LITHIUM	Mg MAGNESIUM
